### 9. VALUE INPUT

I know you are swamped with life, but I would appreciate any input/feedback you have for our student ministry. I would love to share this information with our student ministry staff. I want to hear success stories and how we can better serve your family. We'd love to hear from you.

### 10. PARENTS ON PRAYER TEAM

For the past year we have had a set of adults who have committed to pray for your students, your families, and our ministry. I would like to extend an invitation to any parent who would like to join this team. We will send you prayer requests from within our ministry if you will commit to pray for them. Let us know if you are interested.

Be Blessed,

*PK*
